yes, Burning Man is degenerate. However, I would submit Bill Gates is far more evilly degenerate as a mass tree and human murderer

They're crazy. Cutting down forests because of their hysterics over carbon, which is the backbone of all life, is insane.

I am so unbelievably aghast at the news that Gates wants to destroy 70,000 acres of forest. Where do you think we get oxygen from, but the trees? Criminally Insane is too nice a term to describe him. Gates is the devil himself–pure evil!

Russia is busy creating and rebuilding their infrastructure. Unlike the US is doing everything possible to destroy it from within. Destroying our forests, trees.

Dear Mike Adams, these people are far beyond insane criminals. They are the embodiment of pure evil and they want us all dead. Please consider checking out theserapeum.com and getting Dustin Nemos on your podcast. He is a top level researcher and has a very good explanation/theory as to where they come from, and why they are so evil.
